Flystuff Mite Control

Mite infestations can have an immense impact on the progress of *Drosophila* research.

Mite Spray™

Proprietary formulation designed for easy spray-on, wipe-off use. A heavy duty foaming action sprayer produces a foam to optimise the exposure of mites to the spray. Available in a convenient spray bottle and refills, you can now just spray your mites away! Kills *Tyrophagus putrescentiae* and other harmful mite species.

Code	Alt Ref	Pack	Price
FLY1222	59-130	Spray bottle, 975mL	£42.10
FLY1124	59-130R	Refill, 975mL	£30.40

No Bugs Shelf Liner

Found to be helpful at controlling mite infestation. Use to line shelves, drawers and cabinets where vials are stored to prevent mites from hopping between vials. Extremely easy to use, effective and odourless. Non-adhesive.

Code	Alt Ref	Dims, w x l, mm	Pack	Price
FLY1216	58-100	3050 x 450	12 liners	£103.00
