

Thermo Scientific™ pH Electrodes

The Thermo Scientific™ electrodes portfolio spans a vast range of industries and applications. This extensive assortment of quality pH electrode, sensors, and probes are designed to make your complex measurements routine, reliable, and accurate. They are available in a variety of body materials, body styles, and sample requirements.

- pH range: 0 – 14

Code	Description	Price
9102BNWP	Combination pH electrode	£222.00
9102DJWP	Double junction combination pH electrode	£164.00
9103BNWP	Combination pH electrode with glass body, semi-micro tip	£272.00
9104BNWP	Combination pH electrode with rugged bulb	£218.00
9106BNWP	Combination pH electrode with epoxy body, low maintenance gel	£133.00
9107APMD	AquaPro pH/ATC Triode™ with low maintenance polymer, epoxy body	£255.00
9107BNMD	pH/ATC Triode™ with epoxy body, low maintenance gel	£208.00
9110DJWP	Double junction combination pH electrode with glass body, semi-micro tip	£263.00
9120APWP	KNiPHE® double junction combination pH electrode with stainless steel cutting blade	£827.00
9135APWP	AquaPro combination pH electrode with low maintenance polymer, epoxy body, flat surface	£337.00
9142BN	Combination pH electrode	£106.00
9146BN	Combination pH electrode with epoxy body, low maintenance gel	£82.00
9156APWP	AquaPro combination pH electrode with low maintenance polymer, epoxy body	£319.00
9156BNWP	Combination pH electrode with epoxy body	£173.00
9156DJWP	Double junction combination pH electrode with epoxy body, low maintenance gel	£203.00
9157BNMD	pH/ATC Triode™ with epoxy body, refillable	£294.00
9162BNWP	Low resistance combination pH electrode with glass body, rugged bulb	£280.00
9163SC	Combination pH electrode, glass body, spear tip	£257.00
9165BNWP	Sure-Flow® combination pH electrode with epoxy body	£248.00
9172BNWP	Sure-Flow® combination pH electrode with glass body	£249.00
GD9106BNWP	Green combination double junction pH electrode, gel with epoxy body	£177.00
GD9156BNWP	Green combination double junction refillable pH electrode with epoxy body	£203.00
GS9156BNWP	Green combination refillable pH electrode with epoxy body	£203.00
900100	Single junction Sure-Flow® reference half-cell with epoxy body	£229.00

Authorised distributor

We offer a broad portfolio of products from key suppliers such as:

Honeywell

MERCK

Sigma-Aldrich®
Lab & Production Materials

Supelco®
Analytical Products

spex®
an antyla scientific company
