

BradyJet™ J2000 Colour Label Printers

A compact on-demand, mid-volume inkjet solution for creating photo-quality colour labels in a single pass, while improving efficiency and saving you money. Get the impact of colour - that's wildly durable - to create a safer, more efficient workplace.

- Works great in a multitude of industries, from lab to safety and more
- Compact design
- On-demand, mid-volume inkjet solution creates photo-quality colour labels in a single pass
- More colour options than you'd ever need - 16 million!
- Custom identification without the high cost of outsourced printing
- Spring loaded Brady label rolls can be switched in less than 20 seconds and with automatic label set up, the printer is ready to print in no time
- Quality images and pictures can be added to any sign thanks to the printer's high, photo-quality printing resolution
- Up to 63.5mm per second print speed, means labels can quickly be printed on demand
- For continuous and die-cut labels
- Full colour
- Resolution: 4800dpi
