

Sartorius Tacta® Pipettes

SARTORIUS

Tacta® makes pipetting effortless and safe, while producing accurate and reliable results time after time. It is designed to feel great in your hand, and it is easy and comfortable to use. All materials used for Tacta® have been carefully selected, and each component is designed to meet the highest standards.

- Ergonomic designed handle and finger hook
- Eases your workload and protects you from strain, even when you need to pipette for hours
- Optilock® feature prevents accidental volume changes
- Check the set volume without straining your eyes from the large, easy-to-read display with four digits, even when the pipette is held at an angle
- Low operating forces, protecting you from Repetitive Strain Injury (RSI)
- Spring loaded tip cones with Optiload® mechanism allows tips to be loaded and ejected with minimum force
- Light tip ejection is further enhanced by Optiject®, the soft, levered tip ejection feature that lets the tip detach in a smooth, controlled way with little force
- Very easy to adjust using a simple adjustment key
- Effortless cleaning with only three parts to disassemble and no need for tools

Code	Alt Ref	Channel	Volume Range, µL	Price
PIP9712	LH-729010	Single	0.1 - 3	£270.00
PIP9714	LH-729020	Single	0.5 - 10	£270.00
