

Eppendorf Xplorer® and Xplorer® plus Pipettes

eppendorf

Designed to aspirate and dispense liquid volumes from 0.5µL to 10mL. Features an intuitive operating system and ergonomic design, supported by Eppendorf PhysioCare Concept®. The Xplorer® plus offers additional functionality including adjustable fixed-volumes and a history function. Password protection also provides security for programmes and settings whilst the integrated information display allows you to see if your test series is correct, check when the next service is due.

- Function control soft keys with multi-function rocker and selection dial
- Innovative ejector
- Separate power socket with practical charging contacts
- Colour display
