

## Eppendorf Electronic Multipipette® E3 and E3x Dispensers

eppendorf

Dispense easily and precisely, regardless of liquid properties with the Multipipette E3/ E3x electronic multi-dispenser pipettes. Fill plates or long series of tubes without strain thanks to the lightweight and easy operation of this repeater pipette. In combination with Combitips® advanced dispenser tips, it is your perfect partner for all kinds of liquid handling.

- Automatic Combitips® advanced pipette tip recognition
- Ergonomic one-button tip ejector
- Program aspiration and dispensing speed for the utmost in precision and accuracy while also preventing splashing
- Fill the tip once and dispense up to 100 times without a refill
- Motor-driven function reduces the human error to a minimum and reduces risk of Repetitive Strain Injuries (RSI)
- Safe and ergonomic operation with 9 different selectable languages
- Contamination-free dispensing of toxic, radioactive and other hazardous liquids due to positive displacement principle
- Precise and accurate dispensing of viscous solutions or liquids with high vapor pressure due to positive displacement principle
