

Genomics Workflow Solutions

Products for Molecular Biology

COLLECT

- Single- and multi-channel pipettors
- Pipet tips
- Microcentrifuge tubes
- Centrifuges
- Molecular grade water
- Buffers

STORE

- Cryogenic vials
- Storage blocks, sealing films, mats
- Microcentrifuge tube storage boxes

EXTRACT/PURIFY

- Axygen AxyPrep magnetic (MAG) bead purification kits
- Axygen IMAG hand-held magnetic separation device
- PCR tubes and plates

ANALYZE

- Thermal cyclers
- Horizontal gel boxes
- Gel documentation systems
- Automation tips
- Pipet tips
- Microcentrifuge tubes
- Molecular grade water
- Buffers
